Forecast for Monday 10 Jun 2024

Weather: Brighter skies developing through the morning. There are likely to be a few well-scattered light showers, although most places should escape largely dry, with sunny spells. Mostly dry, with the small risk of the odd shower, and lengthy sunny/clear spells into the evening.

Chance of cloud-free hill tops above 600m: 70% becoming more than 95% by mid-morning.

Low cloud and visibility: Areas of cloud covering summits above 600-700m. Cloud bases lifting above the summit by mid-morning. Visibility very good, with distant hills becoming more visible as the afternoon progresses, temporary deteriorations in showers.
